

SCCTM News: November 13, 2022

SCCTM Conference 2022

Please check scctm.org in case there are any last-minute changes to the program. There could be emergencies that come up and a speaker may have to cancel even on the day of the event. Session changes or updates will be listed on the website as needed. See page 20 of the full conference program for recent changes.

The 2022 SCCTM Conference will be held in Greenville, SC November 17 - 18, 2022. The theme is South Carolina Health Math: Teaching with Strength, Cardio, and Flexibility using the Mathematical Practices.

Register now for the 2022 SCCTM Conference: <https://scctm.wildapricot.org/>
After clicking above, scroll down to the bottom left to find the Register button.

Book Your Hotel Accommodations for the Conference:

<https://www.visitgreenillesc.com/scctm-annual-conference-2022/>

Rooms are filling up fast. Be sure to book early so that you can get the conference discount rate.

SCCTM Elections

Voting is open. Members should have received an e-mail with a voting link on October 24. You can also access The candidate biographical information and ballot from the SCCTM home page <http://www.scctm.org>

The MathMate

The MathMate is seeking manuscripts, lesson ideas, or activities. Share your ideas with the MathMate editor, Leigh Martin, at mathmate@scctmconference.org.

SCCTM Volunteers

Can you help SCCTM? We are looking for educators who have the time, talent, and willingness to contribute in order to help our state math organization grow stronger and be better able to serve our membership. Please complete the questionnaire below in order to volunteer with SCCTM. At any time, you may contact the SCCTM Executive Director, Cindy Parker: director@scctmconference.org or SCCTM President: president@scctmconference.org

[Time and Talents Volunteer form.](#)

Submissions for the SCCTM News E-blast

The SCCTM sends out a monthly news blast. The format for submissions is a short (less than 250 words is suggested) description paragraph and links to any flyers or forms on the

originating organization's website/storage. This format avoids us housing other organization's documents/flyers on our server's limited space. All submissions must also meet our mission as stated on our website:

"The South Carolina Council of Teachers of Mathematics acts to support quality mathematics teaching by advocating at the state level for South Carolina educators and students; providing opportunities for leadership, professional development, and networking; and encouraging the creation of research-based curriculum, instruction, and assessment."

Requests from organizations outside SCCTM need to be in by the first of the month for inclusion in that month's e-blast, because they must be approved by our editorial committee.
